## Introduction

- 1.1 This Book of Reference (“BoR”) accompanies the proposed Development Consent Order (“the Order”) for the Thurrock Flexible Generation Plant (“the authorised project”), as required by Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (“the Regulations”). It describes all the land, and identifies all the interests, affected by the Order.
- 1.2 The land described in this BoR, which is to be subject to powers of compulsory acquisition and/or temporary possession, is required to deliver the works comprising the authorised project which are described in detail in Part 1 of Schedule 1 of the Order and shown on the works plans.
- 1.3 Every parcel of land that is affected is identified on a plot by plot basis and a unique number has been ascribed to each plot. The plots are shown on the land plans which accompany the Order.
- 1.4 This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the Regulations, as follows:
  - (a) Part 1 contains the names and addresses of those who own, lease, occupy or have another interest in the land that will be affected by the authorised project and the rights contained in the Order;
  - (b) Part 2 has been divided into two parts (Parts 2a and Part 2b) to aid clarity of presentation of those who may be entitled to make a relevant claim. Part 2a contains the names and addresses of those who have an interest in the Order land and may be entitled to claim compensation for loss resulting from the implementation of the Order and use of the authorised project. They are listed in this part in their capacity as category 3 persons per section 57 of the 2008 Act. Those persons also appear in part 1 of this Book of Reference as category 2 interests. Part 2b contains the names and addresses of those without an interest in the Order land, who may be entitled to claim compensation for loss resulting from the implementation of the Order and use of the authorised project;

- (c) Part 3 contains the names and addresses of those entitled to enjoy easements or other private rights which it is proposed may be extinguished, suspended or interfered with in connection with the authorised project, pursuant, Order;
- (d) Part 4 identifies plots in which there is a Crown interest that will be affected by the authorised project and the rights contained in the Order (there is no Crown Land in this case and this section is deliberately blank); and
- (e) Part 5 identifies plots which constitute “special category land” for the purposes of section 132 of the Planning Act 2008 that will be affected by the authorised project and the rights contained in the Order. (In this case common land, which is identified as such on the land plans).

1.5 The Order seeks powers to compulsorily acquire land and new rights (both temporary and permanent) for the purposes of the construction and operation of the authorised project.

1.6 Some of the plots identified in Part 1 of the BoR will be subject, acquisition of permanent rights (including restrictive covenants) pursuant to Article 22 (Compulsory acquisition of rights) and Schedule 5 (Land in which only new rights etc. may be required) of the Order. These plots are shown coloured blue on the land plans.

A number of the plots identified in Part 1 of the BoR will be subject to freehold acquisition pursuant to Article 18 (Compulsory acquisition of land) of the Order. These plots are shown coloured pink on the land plans.

A number of the plots identified in Part 1 of the BoR will be subject to the acquisition of permanent rights and imposition of restrictive covenants pursuant to Article 22 and Schedule 5, the rights which may be acquired in each plot are set out in Schedule 5 of the Order. These plots are shown coloured blue on the land plans.

Plots that are subject to powers of temporary possession only, such as for the purpose of access and diversion of a public rights of way during construction are listed in Schedule 6 of the Order and shown coloured green on the land plans.

The land shown coloured pink and blue on the land plans will also be subject to powers of temporary possession for the purpose of carrying out the authorised project (by virtue of Article 28 (Temporary use of land for carrying out the authorised project)).

By virtue of Article 29 (Temporary use of land for maintaining authorised project) of the Order, any land within the Order limits which is reasonably required for the purpose of maintaining the authorised project may be entered and/or temporarily possessed.
